

We're Expanding

AGM (Archibald, Gray & McKay) Is Proud to Welcome Three New Partners to Our Land Surveying and Engineering Firm.

Times may change, but our core values never do. AGM still holds true to its roots and is embracing an exciting future of growth with a strong succession plan in place.

AGM's four current partners – Bruce Baker, Jason Wilband, Dan Wade, and Hendrik Schuurmans – are pleased to welcome three highly experienced partners into the firm – Garry McWhirter, Steve Brown, and Juan Zapata.

■ Hendrik Schuurmans

■ Jason Wilband,
P. Eng., O.L.S., C.L.S.

Our Boundaries.

With the addition of our new partners, we now have over 45 employees who, through their expertise and dedication, make AGM one of the most respected planning, surveying, and engineering companies in southwestern Ontario. We are constantly evolving by adopting innovative techniques together with the use of the latest equipment and digital software for all areas of our business.

As one of the oldest professional service firms in the City of London with the 2014 acquisition of Farncomb, Kirkpatrick & Stirling (FKS), our roots date back to 1840. With the purchase of the London branch of D.S. Lea Engineering in 1998, FKS, and the creation of a planning division in 2013, AGM continues to expand its boundaries and stay in step with changing technologies ensuring we serve the needs of our diversified clientele.

We welcome and congratulate our new partners.

■ Steve Brown
